

State Department Role in TOPOFF 2

Dan Williams
EG&G, Inc.

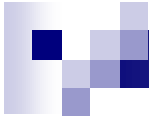

DOS HSPD-5 Responsibilities

- Protect National Security
- Coordinate International Activities
 - Prevention, Preparation, Response, Recovery
- Protect
 - U. S. Citizens
 - U. S. Interests

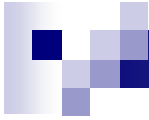

DOS Domestic Responsibilities

- Diplomatic Protection
 - Embassies, Consulates, Foreign Missions
 - Foreign Diplomats in the U. S.
- Foreign Government Inquiry Response

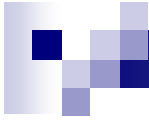

TOPOFF 2 Exercise Development

- DOS and DHS were Co-Sponsors
 - Both used contractor support
 - Contractors worked well together
 - DOS provided initial RDD design

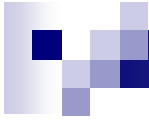

State Department Roles in T2

- Invited & facilitated Canadian participation
- Shaped the international exercise content
- Participated in the exercise
 - Stood up a T2 Taskforce
 - Exercise Support

Canadian Exercise Scope

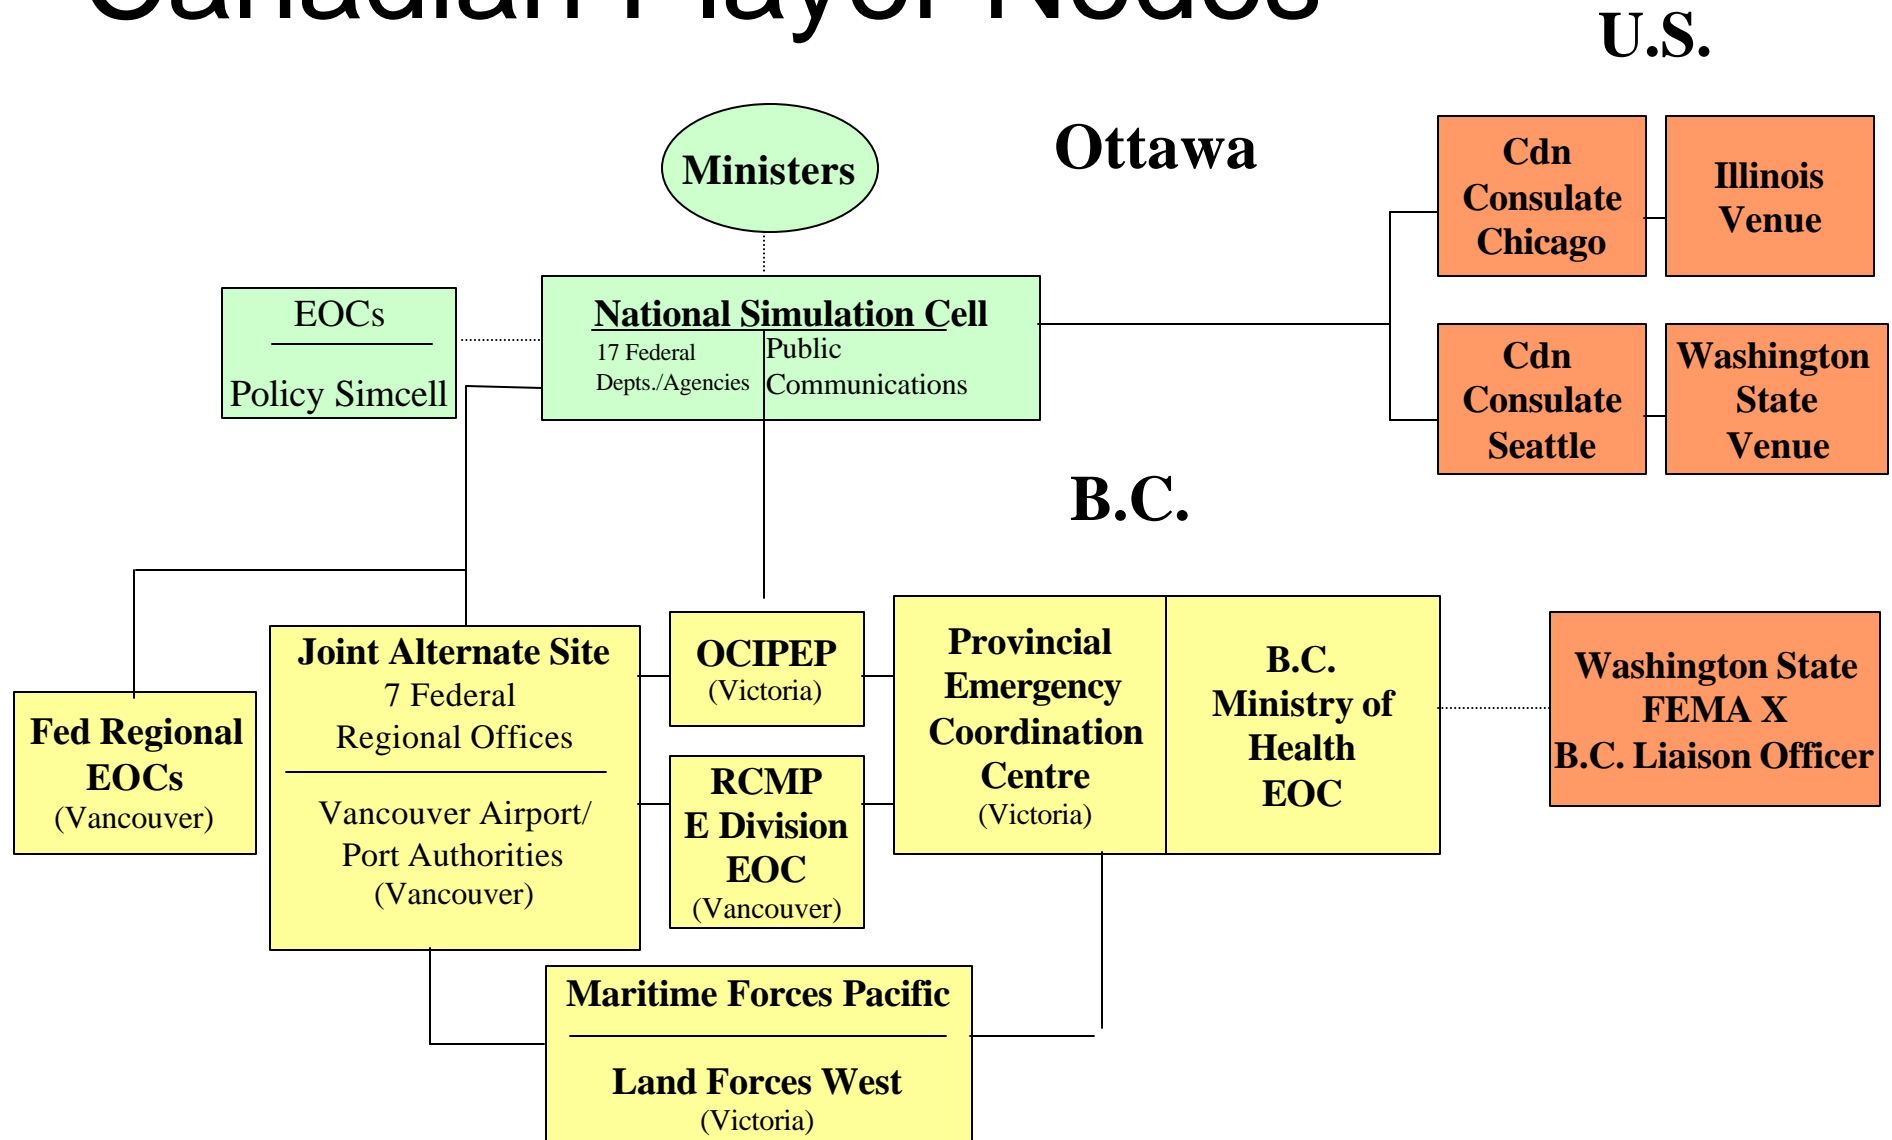

- All U. S. Seminars
- Canadian Seminars
- Canadian CPX during the US Full Scale Exercise
 - Ottawa
 - British Columbia

Canadian Participation

- Agriculture and Agri-Food Canada
- Canada Customs and Revenue Agency
- Canadian Food Inspection Agency
- Canadian Nuclear Safety Commission
- Canadian Security Intelligence Service
- Environment Canada
- Department of Foreign Affairs and International Trade
- Health Canada
- Industry Canada
- Department of Justice
- Department of National Defence
- OCIEP

Canadian Player Nodes

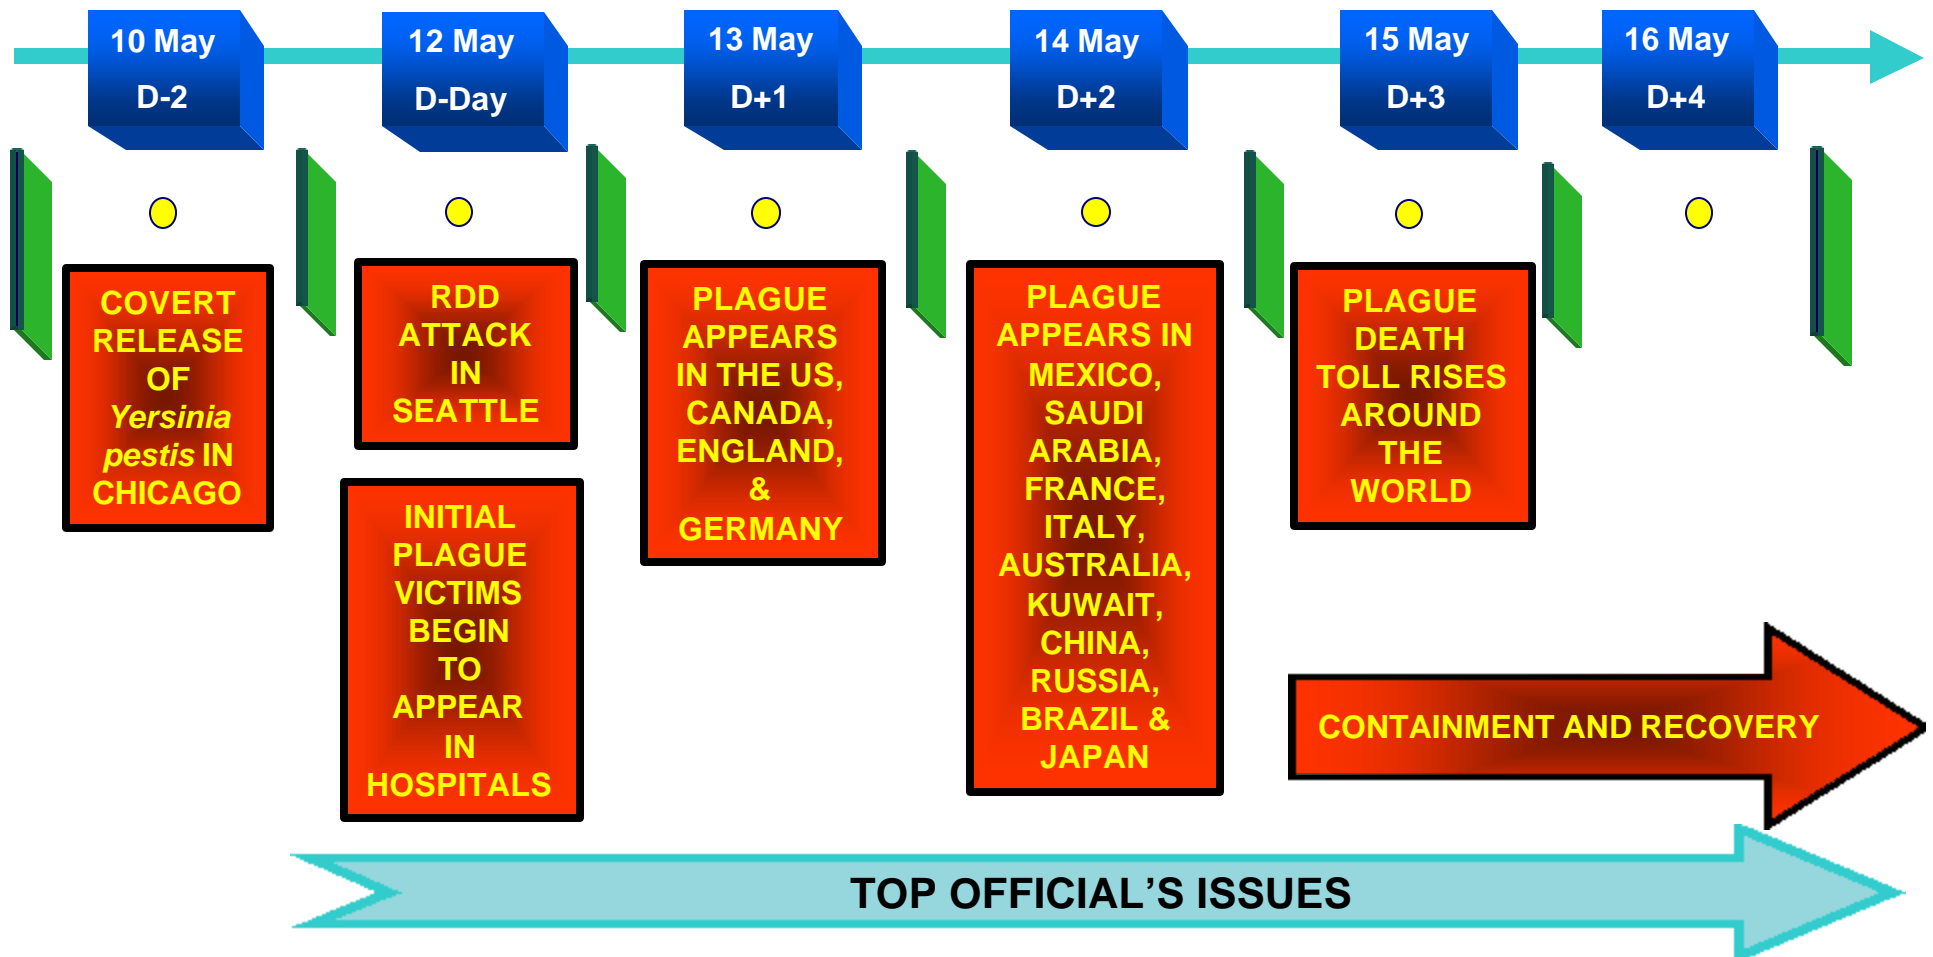

Story

- Terrorists Attack the United States
- International Aspects:
 - Radiological Contamination Transport
 - Biological impacts exported worldwide
 - Canadian citizens are exposed in the US and return home
 - Vancouver has the largest number of cases
 - Credible threat of additional attacks

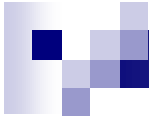

International Timeline

International Terror Campaign

Day	Attacks	Threats
5/10 Saturday	Biological attack in Chicago	Columbia Power Station
5/11 Sunday	Bombing attack in Bali	Columbia Power Station
5/12 Monday	Radiological dispersal device (RDD) attack in Seattle Bombing attack in Rabat, Morocco	Columbia Power Station West Coast of North America
5/13 Tuesday	Unsuccessful attack against the United States Embassy in London (foiled in progress)	West Coast of North America Braidwood Power Station
5/14 Wednesday	Small arms attack against U.S. oil company in Yemen	Braidwood Power Station U.S. Embassy Italy and Singapore Israeli Embassy Singapore Tourist attractions in Italy U.S. interests in the United Kingdom
5/15 Thursday	Bombing attack against train in India	Braidwood Power Station Eiffel Tower in Paris European Union (EU) capitals
5/16 Friday	Act of piracy in Sri Lanka	Brokdorf Power Station in Germany Cities of Nairobi and Mombasa in Kenya

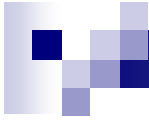

Lessons Learned

- Terrorist attack different from other disasters
 - Terrorism does not fit well into an “all hazards” approach
 - NIMS must be structured for terrorism response

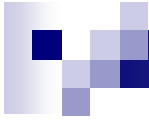

Lessons Learned

- Interagency Coordination
 - T2 validated US/Canadian LNO exchange agreement
 - DOS should send LNO to DHS during incidents
- Great opportunity to build cross-border agency to agency relationships

Lessons Learned

- Future TOPOFF Exercises
 - TOPOFF needs no co-sponsorship – DHS is lead agency
 - Subsequent TOPOFF exercises should include an International issues seminar

Conclusions

- T2 Met Bi-lateral International Goals
- Should Consider Multi-lateral Exercise
 - Canada
 - Mexico
